

# 1.5 Million Gallon Water Reservoir Design

Reche Canyon, Colton, CA

## Client

*City of Colton  
650 North La Cadena  
Drive, Colton, CA 92324*

## Project Location

*Colton, CA*

## Contact

*David R. Zamora  
Director of Community  
Development  
909 / 370-5186*

## Project Date

*1986*

JBA was retained by the City of Colton for the complete design and engineering of a 1.5 million gallon (MG) water reservoir in the Reche Canyon area, including the design of the reservoir pump station and all appurtenances.

As part of the project, JBA performed all necessary field topography of the proposed reservoir site, as well as all Plans, Specifications, and Estimates (PS&E).
