Project Date

2003

JBA provided all on-site and applicable off-site improvements plans for the development of a 394-lot gated residential subdivision situated along the foothills of Desert Hot Springs, CA. These plans included grading, street, water, sewer, storm drain, and water quality-related improvements.

In addition, JBA provided topographic and boundary surveying services, as well as construction staking for all improvements throughout the construction phase of the project. JBA also prepared all required Hydrology Study/Drainage Analysis and Water Quality documents.

Key Project Staff

Joseph S.C. Bonadiman, P.E. – *Project Engineer*
Edward J. Bonadiman, P.L.S. – *Survey Manager*
Dennis W. Jackson, P.E. – *Senior Water Resources Engineer*
