JBA worked closely with the Pastor at Trinity Church in Redlands CA to provide planning, engineering and construction services for Trinity Church. JBA prepared all onsite grading, drainage, WQMP, SWPPP and Basin Plans. Because of the project Steep terrain and existing restrictions, close attention was paid to ADA requirements and street access.

JBA acted as the construction manager on this project with grading, paving and lighting contractors to provide the services in a timely manner for the church.

Key Project Staff
